Questions and Answers from Webinar Section 1

Q: Can a parent sign up for district if that parent is already on it through TANF?

A: DECCD accepts referrals for child care directly from TANF caseworkers. Once a parent is no longer eligible for TANF or TCC, the parent would need to submit an application for child care services.

**Q: Will Building Bocks be a part of Public Private Partnership?**

A: DECCD is unsure of how to answer this question without further clarification.

Q: Can an in-home provider keep up to eight children in their home?

A: There is no limit to the number of related children that can be cared for by an in-home provider. However, unlicensed providers are prohibited by law from keeping more than five (5) children who are not related to the provider within the third degree computed according to civil law. (Policy Manual Section 102.01 (3) i).

Q: I cannot see the poll results.

A: We will work to make sure that poll results are visible on future webinars. Please see the results from the poll taken on the first webinar below.

Select the option that best describes you

Q: Will Allies for Quality extend into the Southern section of the state?

A: The Allies for Quality Care Pilot Program has reached its limit due to the availability of funding. DECCD recognizes that the need for this program extends to other regions of the state, and seeks to identify strategies to accommodate such an expansion.

Q: What document will be provided in advance as a basis for development? Anything other than the 2013 Plan?

A: DECCD will not release a draft of the State Plan until such time as the Office of Child Care releases a final version of the State Plan Preprint. Please refer to the current draft of the State Plan Preprint on the Office of Child Care Website. http://www.acf.hhs.gov/programs/occ/ccdf-reauthorization

Q: Will the webinar slides be available to the public outside these webinar sessions?

A: All webinars will be recorded and the slides will be available on the DECCD website.
